

OUR LESSON CENTRE COVID-19 SAFETY MEASURES

1. Pre-Screening Tool

- Self-assessment instructions will be displayed at staff, teacher and customer entrances along with a hand sanitizer station and instructions on physical distancing. We will ensure that staff and teachers are self-assessing before the beginning of each shift.
- Customers who are either symptomatic, and/or have been advised by Public Health to self-isolate, should remain home.

2. Facilitating Personal Hygiene

- We will enable thorough and frequent hand hygiene for customers, teachers and staff by frequent reminders, sign posting and ensuring that necessary supplies are provided. Hand washing requires frequent and thorough washing with soap and water for at least 20 seconds, or minimum 60% alcohol hand sanitizer.

3. Physical Distancing

- Staff, teachers and customers will be instructed to maintain a minimum of 2 metres between themselves and others at all times. We will be reducing the number of customers allowed in our lesson centres at one time in order to maintain physical distancing. When 2 meters cannot be maintained, consider the use of masks.

4. Cleaning and Disinfection Procedures

- Countertops, furniture, doors, phones, cashier equipment, light switches, and public washrooms will be disinfected frequently throughout the day. Lesson centres will be provided with detailed cleaning instructions.

5. Handling of Studio Equipment and Instruments

- Handling of products and shared equipment will be limited.
- Studio equipment will be cleaned between each use. Lesson centres will be provided with detailed instructions for cleaning products.
