Introducing the NX10C

The innovative cabinet design allows the NX10C to act as a scalable front-of-house solution, side-fill cabinet or monitor enclosure. Designed to be one of the most compact and versatile cabinets in the NX Series, the powered 10" coaxial NX10C can be used in almost any live sound application. (420351)

Introductory Price \$499

NX55P-2

Yorkville Sound's best selling fully featured flagship active loudspeaker has been redesigned for 2014. A new power amp design delivers an earth shattering 1000 watts program, making it our best performing, most versatile cabinet in the NX series. (411990)

Introductory Price \$859

Parasource

Parasource Series powered cabinets work as a front-of house, side fill or floor monitor. Integrated multi-band limiting delivers a transparent and natural listening experience, even at maximum speaker volumes. A switchable bass boost delivers improved bottom end performance and punch without sacrificing midrange clarity or presence.

- PS10P** 800w program (1600w peak) 10" cabinet (385147) **\$999**
- PS12P** 1400w program (4400w peak) 12" cabinet (385148) **\$1099**
